ERGOTHERAPY 'GET ONE' OFFICE CHAIR

The Osteopathic Association of South Africa is pleased to continue to endorse the Get One ergonomically designed office chair.

The OASA believes that this unique chair helps to provide excellent ergonomic support and can reduce the risk of work station postural problems.

The unique design of the Get One office chair creates adaptability that would suit almost all office and home office environments and makes the perfect start to achieving an optimal work station environment.

Dr. Gary Riley D.O., Ph.D.

Chairman - OASA
